SINGER® Mercury 1507

Free-arm utility stitch sewing machine,
an elegant design offering
8 sewing programmes, including buttonhole programmes.

The Mercury 1507 sewing machine is so simple to use that even beginners find it easy to use right from the start. 8 superb sewing programmes are waiting for you. The slim free arm allows you to work effortlessly with round closed parts of garments (sleeves, trouser legs, etc.). The left needle position allows you to stitch right at the edge of your fabric, which makes it ideal for sewing on zips, for instance.
